50X1-HUM

1. The Central Bureau for Industry and Economy of the Central Committee of the Yugoslav Communist Party has issued a "Top Secret" circular, dated 23 October 1948, and signed by Enverick Blum (secretary of the Central Bureau and secretary-general of the Ministry of Federal Electrical Economy), which is addressed to all the Federal Republics of Yugoslavia.

2. The circular states that in regard to fulfillment of the economic plan for the first nine months of 1948 Yugoslav industries should be divided into four groups of industries according to whether they had reached, nearly reached, failed to produce the scheduled quota, or had failed to such an extent as to imply sabotage.

3. The groups in question were as follows:

a. First Group of Industries

	Percentage Fulfillment of Scheduled Quota
Electrical	107
Paper	104.3
Rubber	100.9

b. Second Group of Industries

Iron mines	93.7
Tobacco	93
Chemicals	91.4
Building materials	85

c. Third Group of Industries

Metals	63
Ceramics	62.6
Textiles	62
Foodstuffs	58
Leather	54.3

c. Fourth Group of Industries — Percentage Fulfillment of Scheduled Quota

Timber	36.3
Coal	38
Glass	30.1

3. It is believed that this segregation of the country's industries into four groups is for propaganda purposes as the Central Bureau is anxious to shed its responsibilities in connection with the drop in production in the several branches of industry, particularly as things are likely to go from bad to worse in view of the present state of isolation in which Yugoslavia finds herself.
